RE: Legere Property – 5903 A Glen Arm Rd.  
Stormwater Management Variance  
Lower Gunpowder Falls Watershed  
**Project I.D. M180289**  
**Tracking Number: 03-21-3416**

Dear Mr. Legere:

This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. Section 33-4-113 (a) (2) allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of the design standards would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations.

This project is for the repair/reinstallation of an existing gravel driveway. The existing driveway width will not be increased and surrounding vegetative cover conditions will be re-established once the gravel driveway is repaired/reinstalled. Although the disturbed area is in excess of 5,000 square feet, there will be no increase in impervious area or runoff resulting from the project.

Please contact Jeannette Applauso, P.E. at 410-887-3768 should you have any questions.

Very truly yours,

*/signed/*

Kritty Udhin, P.E., Manager  
Stormwater Management  
Department of Environmental Protection  
& Sustainability
